# BETTER<sup>TM</sup> STUFFED TO PERFECTION! BURGER

**And why is it better? Because it's stuffed to perfection.**

Our chefs wondered, "how do we improve an American classic?" The answer was simple. Take the best ingredients you'd want on a burger and put them in the burger! No more worries about burned toppings on your grill or in your skillet. Just stuffed goodness on a bun or on a plate. We suggest serving with classic burger condiments . . . or do like we do in Brooklyn and make your own better burger better. ENJOY ONE RIGHT NOW!

## #2101 American Cheese

A burger with American cheese—the classic combination!

## #2102 American Cheese & Bacon

Crispy bacon makes our classic cheeseburger even more irresistible.

## #2103 Feta & Spinach

Add a Mediterranean touch to your burger with feta cheese and spinach.

## #2104 Mozzarella & Roasted Peppers

The burger your Italian grandmother would want you to make (even if you don't have an Italian grandmother!).

## #2105 Grilled Onions

Grilled onions make our burgers taste like they're right off the barbecue!
